## Experience

### Fellowship Bible Church Mission Trip, Cincinnati

July 2010, 2011, 2012, 2013

#### Missionary

- Organized events at the church and in the city
- Spent time in the community spreading the message of Christianity

### Hamlet Retirement Community

June 2013 - Feb 2015

#### Volunteer

- Helped organize activities for the residents
- Assisted residents to and from their rooms
- Worked in the kitchen and dining room to serve and deliver meals to residents

### Sandridge Golf Club

May 2014 - Aug 2016

#### Staff Member

- Course management: Responsible for keeping the driving range running, opening and closing the facilities, cleaning carts, and facilitating play on the course.
- Caddying: Responsible for maintaining pace, facilitating play, and giving advice to players. As a caddie I earned over 3 times the amount I earned while staffing the facilities.

## Education

### Chagrin Falls High School

Passed AP Physics, AP Computer Science, AP Calculus, AP Biology, Honors Advanced Data Structures, Honors Algebra 2, Honors Trigonometry, Honors English and received a diploma with honors.

# Skills

## Computer programming / Software Development

- Received high marks in CPS 101, CPS 150 and throughout 3 years of advanced computer science courses in high school, 2 of which were college level courses
- Developed and published a mobile application to the Apple App Store that accrued over 1000 downloads, spanning across 13 countries
- Designed and published multiple websites

## Entrepreneurship

- Started a software development company, Nexottica LLC, in January of 2016. The company has published an app to the Apple App Store
- Competed in Startup Vikes at CSU in 2016. I worked with other entrepreneurs on a business model and competed against others with my team.
- Developed FlyerFresh.com, an on-campus laundry and room cleaning service.
